**Subject:** Wildlife Exposure to Rodenticides Question  
**Date:** Tuesday, July 16, 2013 12:25:00 PM

---

Good Afternoon Dr. Bunting, Dr. Schuler,

I am involved in EPA's efforts to remove second generation anticoagulant rodenticides from the residential consumer market and am interested in learning more about your experience analyzing wildlife exposed to rodenticides. Can either you be available the week of July 29 for a short conference call to discuss your experience? If the answer is yes, I can provide more specific questions we would like to discuss in advance of our call.

I greatly appreciate your time and consideration.

Regards,

Rusty
